That is so sad but don't give up--be a lobbyist for civility!

Hi Hillary -

Great speech on importance of civil society. I thought the New York Times post on our "Civility Project" non-response was relevant. See below.

I had an unforgettable experience with President Clinton in Jo-Berg last week watching soccer game (USA v Ghana) and spending some quality time with him on plane two-and-fro.

He is and always will be one-of-a-kind and one of our country's truly great leaders - as president and in post-presidency. I am so honored to have worked for you both.

Hope you are well and

See NYT's article below.

Best to you, as always,

Lanny
